**** SECURITY: To help ensure that guests have the safest and most memorable experience, KatManDu requires that security personnel are provided for each event in addition to the chaperones. We require that you have one Chaperone for every 75 guests. And we will provide one security person also for every 75 guests. The cost for the security is \$100 per attendant. This is non-negotiable.

**** A typed guest list MUST be provided (in alphabetical order by first name) to KatManDu in order to ensure that only the invited guests are those in attendance.

Frequently asked questions:

How/ when can I make a reservation?

Making reservations are simple. Call the banquet manager at KatManDu with your requested date, time, guest count, and intended menu. The banquet manager will put together a contract for the event. The contract can be emailed, faxed or mailed to you. Once the contract is returned signed along with the requested, deposit your event will be set. In order to get the date, time and room of your preference, make this phone call as soon as possible. Some events are reserving dates as early as three years in advance!

What is the deposit and payment procedure?

All events do require a deposit. Your contract will list the deposit amount required. Until this deposit has been received, room reservations are considered tentative and not guaranteed. Once we block a room for your event, we take this space off market and turn away other clients. For this reason deposits are non-refundable. All payments can be made in the form of cash, Visa, MC, or Amex or check. The final payment is due at the conclusion of your event.

Do I need to guarantee a head count?

Yes. Your contract will list an estimated guest count when you book the event. For all events, a minimum guaranteed head count is listed on the contract. Since each room has a value based on its size, the head count must be adhered to. If your head count is growing larger than expected, please notify KatManDu ASAP to make sure that your group will fit in the designated room, or to upgrade to a larger room. One week before the event you must call in your RSVP head count.

Can I bring my own Food or Drink?

No, Sorry. We are here to do all the work for you. We will cook, clean and serve for your event. To ensure that all drinks and food (including cakes) are served to KatManDu's high standards, we simply cannot allow outside food or beverages to be served.

Is tax and gratuity included?

No. NJ Sales tax of 7% and gratuity in the amount of 18% is additional to all provided food and beverage. Certain service items such as DJ, room fees, etc will not have tax or gratuity added.

Are there fees to use the room?

Sometimes. Depending on the type of event, and when this event is taking place a room charges may be added to bill. This will be discussed with your banquet manager when making the reservation.

Can we decorate? Does KatManDu provide Decoration?

Most events are provided with one hour setup time prior to the scheduled start time. You can provide any decoration as long as it is not construed as food or beverage. No open flame candles are allowed either. (Votives or candles in vases are acceptable). KatManDu provides linen for the tables and will add foliage throughout the room. KatManDu can also provide balloons or floral centerpieces for an additional fee.

Can I make changes after a contract is signed?

Yes, up to two weeks before an event, we can adjust your menu. Date changes are allowed based on the room availability. Final guest count is due one week before the event.

Do you recommend or provide any entertainment, photographers or lodging?

Yes, your banquet coordinator will provide you with a list of vendors who can accommodate your needs. We have a wealth of contacts for virtually any need. Don't hesitate to ask!

Are minors allowed?

Absolutely! Minors are welcome. In fact we host many events specifically for kids! Of course all laws regarding underage drinking are strictly enforced.

How long is the food served?

Most events are two to five hours in length. Most buffets have food replenished for an hour. You can separate the food times. So, appetizers for the first hour. Then a half hour break before the main course. We REPLENISH the food for an hour. Most buffets will then remain available for an additional half hour before being cleared. We do this to ensure that all food is fresh and we can stay on schedule for upcoming meal courses.
