Frequently asked questions:

How/When can I make a reservation?

Making reservations are simple. Call the Event Director at KatManDu with your requested date, time, guest count and intended menu. The Event Director will put together a contract for the event. Once the contract is signed and returned with the requested initial deposit, your event will be booked. In order to get the date, time and room of your preference, make this phone call as soon as possible. Some events are reserving dates as early as three years in advance!

What is the deposit and payment procedure?

All events do require a deposit. Your contract will list the deposit amount required. Until this deposit has been received, room reservations are considered tentative and not guaranteed. Once we block a room for your event, we take this space off market and turn away other clients. For this reason deposits are non-refundable. All payments can be made in the form of cash, Visa, MC, Amex or check.

Do I need to guarantee a head count?

Yes. Your contract will list an estimated guest count when you book the event. For all events, a minimum guaranteed head count is listed on the contract. If your head count is growing larger than expected, please notify KatManDu ASAP to make sure that your group will fit in the designated room or to upgrade to a larger room. One week before the event you must call in your RSVP head count.

Can I bring my own Food or Drink?

No, Sorry. To ensure that all drinks and food (including cakes) are served to KatManDu's high standards, we simply cannot allow outside food or beverages to be served.

Is tax and gratuity included?

No. NJ Sales tax of 7% and gratuity in the amount of 18% is additional to all provided food and beverage. Certain service items such as DJ, room fees, etc. will not have tax or gratuity added.

Can we decorate? Does KatManDu provide Decoration?

Most events are provided with one-hour setup time prior to the scheduled start time. You can provide any decoration as long as it is not construed as food or beverage. No open flame candles are allowed either. (Votives or candles in vases are acceptable). KatManDu provides linen for the tables. KatManDu can also provide balloons or floral centerpieces for an additional fee.

Do you recommend or provide any entertainment, photographers or lodging?

Yes, your banquet coordinator will provide you with a list of vendors who can accommodate your needs. We have a wealth of contacts for virtually any need. Don't hesitate to ask!

Are minors allowed?

Absolutely! Minors are welcome. In fact we host many events specifically for kids! Of course all laws regarding underage drinking are strictly enforced.

How long is the food served?

Most events are two to five hours in length. Most buffets have food replenished for an hour. Most buffets will then remain available for an additional half hour before being cleared. We do this to ensure that all food is fresh and we can stay on schedule for upcoming meal courses.
